

Montegrís Prime

Montegrís is a grey-green slate perfect if you are looking for that natural finish to your roof.

Product information

Product profile

SSQ Montegrís Prime is a rare grey natural slate with a tinge of green. The slates create a unique aesthetic appearance to any building's exterior due to the high contents of fine-grained mica flakes. Sourced from South America, the slates have been tested in accordance with EN 12326 and are classified as 'W1-S1-T1'.* As a result, Montegrís provides excellent performance levels as a construction material.

* Test results are available on request

Minimum headlap for fixing slates with nails or hooks according to BS 5534: 2014+A2:2018 Code of Practice for Slating and Tiling
Moderate exposure (< 56.5 l/m² per spell)*
